

Your new machine's arriving soon.

**Scan the QR code for info
on free coolant!**

Get the most out of your investment.

Our machining experts help you fully capitalize on the potential of your machines and tools and turn your metalworking fluid into a key success factor – a Liquid Tool.

Profit from our initial fill offer

1 Comprehensive analysis

We analyze your production processes and requirements together with you on site.

2 Improvement suggestions

We give you a status report and highlight potential improvement areas.

3 Reality check

We run tests in your production environment if required.

4 Your added value

We make a customized offer to help you reach your goals.

- Lower total costs
- Longer tool and sump life
- Shorter cycle time
- Stable processes
- Safe working environment
- Eco-friendly production

Test us. It's worth it.

Our Liquid Tool. **Your Success.**

Liquid Tool Analysis Voucher

Congratulations on your machine purchase!

There has never been a better opportunity to test Blaser Swisslube and unleash the full potential of your machine tools. Contact us to see how your business can benefit from the Liquid Tool.

We will conduct a **Liquid Tool Analysis** to identify the suitability and benefit of the Blaser Liquid Tool to your business. For your new machine, we assure the best start-up conditions. Therefore, we provide a special offer with a 20% reduction in price on your first drum of **Blaser neat oil**. We can even provide a proposal of cost savings as well as tangible results from your test. All you have to do is fax or e-mail the information below and we will come in and provide a free Liquid Tool Analysis and a 20% reduction in price on your first drum of Blaser neat oil.

- Experience the Blaser advantage**
- Improved productivity
 - Better tool life
 - Low misting
 - High flashpoint
 - Excellent machine compatibility
 - Factory trained local support
