Jerome Powell, the Fed chairman, faced a daunting challenge: defeating inflation, avoiding a recession, and giving market bulls interest rate cuts. It seemed like an impossible task. But can he really pull it off?

Join Nick Raich as he reviews the macroeconomic trends of the past year and reveals how changes in earnings expectations have fueled the stock market rally in 2023. But the question remains: can this economy and market really be sustained?

ABOUT THE SPEAKER

Nick Raich is the CEO and Co-Founder of The Earnings Scout, an independent macro-economic research firm that specializes in

earnings trends. He is widely recognized as a leading expert on corporate profits and makes frequent appearances on CNBC, Bloomberg TV, as well as The Wall Street Journal, Financial Times and The New York Times.
